A TRUE COPY ATTEST

SHARE WITH YOUR MOTHERS, WIVES, SISTERS, DAUGHTERS, FRIENDS AND EVERYONE YOU KNOW.

WRITTEN BY A COP: Everyone should take 5 minutes to read this. It may save your life or a loved one's life. In daylight hours, refresh yourself of these things to do in an emergency situation... This is for you, and for you to share with your wife, your children, & everyone you know. After reading these 9 crucial tips, forward them to someone you care about. It never hurts to be careful in this crazy world we live in.

1. Tip from Tae Kwon Do :The elbow is the strongest point on your body. If you are close enough to use it, do!
2. Learned this from a tourist guide. If a robber asks for your wallet and/or purse, DO NOT HAND IT TO HIM. Toss it away from you... Chances are that he is more interested in your wallet and/or purse than you, and he will go for the wallet/purse. RUN LIKE MAD IN THE OTHER DIRECTION!
3. If you are ever thrown into the trunk of a car, kick out the back tail lights and stick your arm out the hole and start waving like crazy.. The driver won't see you, but everybody else will. This has saved lives.
4. Women have a tendency to get into their cars after shopping, eating, working, etc., and just sit (doing their checkbook, or making a list, etc. DON'T DO THIS!) The predator will be watching you, and this is the perfect opportunity for him to get in on the passenger side, put a gun to your head, and tell you where to go. AS SOON AS YOU GET INTO YOUR CAR , LOCK THE DOORS AND LEAVE..

If someone is in the car with a gun to your head DO NOT DRIVE OFF, Repeat:  
DO NOT DRIVE OFF! Instead gun the engine and speed into anything, wrecking the car. Your Air Bag will save you. If the person is in the back seat they will get the worst of it. As soon as the car crashes bail out and run. It is better than having them find your body in a remote location.

5. A few notes about getting into your car in a parking lot, or parking garage:  
A.) Be aware:look around you, look into your car, at the passenger side floor, and in the back seat.  
B.) If you are parked next to a big van, enter your car from the passenger door. Most serial killers attack their victims by pulling them into their vans while the women are attempting to get into their cars.  
C.) Look at the car parked on the driver's side of your vehicle, and the passenger side.. If a male is sitting alone in the seat nearest your car, you may want to walk back into the mall, or work, and get a guard/policeman to walk you back out. IT IS ALWAYS BETTER TO BE SAFE THAN SORRY. (And better paranoid than dead.)
6. ALWAYS take the elevator instead of the stairs. Stairwells are horrible places to be alone and the perfect crime spot. This is especially true at NIGHT!
7. If the predator has a gun and you are not under his control, ALWAYS RUN! The predator will only hit you (a running target) 4 in 100 times; and even then, it most likely WILL NOT be a vital organ. RUN, Preferably in a zig -zag pattern!
8. As women, we are always trying to be sympathetic: STOP It may get you raped, or killed. Ted Bundy, the serial killer, was a good-looking, well educated man, who ALWAYS played on the sympathies of unsuspecting women. He walked with a cane, or a limp, and often asked 'for help' into his vehicle or with his vehicle, which is when he abducted his next victim.
9. Another Safety Point: Someone just told me that her friend heard a crying baby on her porch the night before last, and she called the police because it was late and she thought it was weird.. The police told her 'Whatever you do, DO NOT open the door..' The lady then said that it sounded like the baby had crawled near a window, and she was worried that it would crawl to the street and get run over. The policeman said, 'We already have a unit on the way, whatever you do, DO NOT open the door.' He told her that they think a serial killer has a baby's cry recorded and uses it to coax women out of their homes thinking that someone dropped off a baby.. He said they have not verified it, but have had several calls by women saying that they hear baby's cries outside their doors when they're home alone at night.
10. Water scam! If you wake up in the middle of the night to hear all your taps outside running or what you think is a burst pipe, DO NOT GO OUT TO INVESTIGATE! These people turn on all your outside taps full blast so that you will go out to investigate and then attack.

Stay alert, keep safe, and look out for your neighbors! Please pass this on. This e-mail should probably be taken seriously because the Crying Baby Theory was mentioned on America 's Most Wanted when they profiled the serial killer in Louisiana

Read this and make a copy for your files in case you need to refer to it someday. Maybe we should all take some of his advice! A corporate attorney sent the following out to the employees in his company:

1. Do not sign the back of your credit cards. Instead, put 'PHOTO ID REQUIRED.'
2. When you are writing checks to pay on your credit card accounts, DO NOT put the complete account number on the 'For' line. Instead, just put the last four numbers. The credit card company knows the rest of the number, and anyone who might be handling your check as it passes through all the check processing channels won't have access to it.
3. Put your work phone # on your checks instead of your home phone. If you have a PO Box use that instead of your home address. If you do not have a PO Box, use your work address. Never have your SS# printed on your checks. (DUH!) You can add it if it is necessary. But if you have it printed, anyone can get it.
4. Place the contents of your wallet on photocopy machine. Do both sides of each license, credit card, etc. You will know what you had in your wallet and all of the account numbers and phone numbers to call and cancel.. Keep the photocopy in a safe place.

I also carry a photocopy of my passport when I travel either here or abroad. We've all heard horror stories about fraud that's committed on us in stealing a Name, address, Social Security number, credit cards..

Unfortunately, I, an attorney, have firsthand knowledge because my wallet was stolen last month. Within a week, the thieves ordered an expensive monthly cell phone package, applied for a VISA credit card, had a credit line approved to buy a Gateway computer, received a PIN number from DMV to change my driving record information online, and more.

But here's some critical information to limit the damage in case this happens to you or someone you know:

5. We have been told we should cancel our credit cards immediately. But the key is having the toll free numbers and your card numbers handy so you know whom to call. Keep those where you can find them.
- 6.. File a police report immediately in the jurisdiction where your credit cards, etc., were stolen. This proves to credit providers you were diligent, and this is a first step toward an investigation (if there ever is one).

But here's what is perhaps most important of all: (I never even thought to do this.)

7. Call the 3 national credit reporting organizations immediately to place a fraud alert on your name and also call the Social Security fraud line number.. I had never heard of doing that until advised by a bank that called to tell me an application for credit was made over the Internet in my name.

The alert means any company that checks your credit knows your information was stolen, and they have to contact you by phone to authorize new credit..

By the time I was advised to do this, almost two weeks after the theft, all the damage had been done. There are records of all the credit checks initiated by the thieves' purchases, none of which I knew about before placing the alert. Since then, no additional damage has been done, and the thieves threw my wallet away this weekend (someone turned it in). It seems to have stopped them dead in their tracks..

Now, here are the numbers you always need to contact about your wallet, if it has been stolen:

- 1.) Equifax: 1-800-525-6285 1-800-525-6285
- 2.) Experian (formerly TRW): 1-888-397-3742 1-888-397-3742
- 3.) Trans Union : 1-800-680 7289 1-800-680 7289
- 4.) Social Security Administration (fraud line):  
1-800-269-0271 1-800-269-0271

# Just for Laughs

Leaving the party late, two friends compare notes. "I can never fool my wife," the first says. "I turn off the car engine, coast into the garage, sneak upstairs and undress in the bathroom. But she always hears me. And she wakes up and yells at me for being out late."

"You should do what I do," says his buddy. "I roar into the garage, stomp up the steps, throw open the door and start kissing my wife. And she pretends to be asleep."

didn't know about  
**Christmas**

CHRISTMAS CUSTOMS, THOUGH CHERISHED TODAY, OFTEN ORIGINATED AMONG HEATHENS.

Christmas lore is as fascinating as other lore, but not too well-known. Some of these holiday facts and fancies may surprise you.

**Christmas Day:** Although Dec. 25 is hailed by occidental Christians as the spiritual birthday anniversary of Jesus Christ, the actual date of his birth is not known.

Christians of the East observe the nativity on Jan. 7, and most Biblical scholars place the date of Christ's birth in late December or early January by the Gregorian calendar now in use.

It is believed that early Roman Christians adopted Dec. 25 to observe Christ's Coming because that date had already been established as a Roman holy day—the *natalis invicti solis*—by worshippers of Mithras, the Persian God of Light.

Mithraism flourished in the Roman Empire the first three centuries (A.D.) and was the chief religious rival of Christianity during that period. Barbaric invasions of the Roman Empire during the 3rd and 4th centuries resulted in wholesale destruction of temples of Mithras. Christianity then became more powerful and Mithraism gradually died out.

**Christmas Poem:** Although millions are familiar with the poem that begins:

"T'was the night before Christmas  
And all through the house,  
Not a creature was stirring,  
Not even a mouse..."

Scarcely anyone can tell you who wrote it, or when, or why.

It was written by Dr. Clement C. Moore in 1822 strictly for the amusement of his own children. He was a professor of Biblical learning at the General Theological Seminary, New York, from 1821-50.

His more serious writings include a book of poems and Hebrew and English lexicons. Dr. Moore considered the Christmas poem a bit of rhyming whimsy and not worthy of publication. A friend of the doctor, captivated by the verses, pilfered the poem for posterity and had it published in 1823 under the title *A Visit from St. Nicholas*. Thus were the fanciful reindeer—Dasher, Dancer, Donder and Blitzen—salvaged from obscurity to delight new generations at Christmastime.

**Christmas Holly:** The red berries symbolize the

blood of Christ and the promise of eternal life. "Christ's Thorn," as it is sometimes called, is actually a symbol of the Crucifixion, and it is believed that "holly" derives from "holy." In some lands it is known as the "holy tree."

**Poinsettia:** Once an Aztec maiden in the sky broke her heart and the drops of blood which were scattered on earth bloomed as vivid flowers. Known in Mexico as "Flower of the Holy Night," cuttings of poinsettia were first brought to America by Joel Poinsett, first American minister to Mexico. Popular here since 1825, it is unknown in Europe as a holiday decoration.

**Holiday Wreath:** The presence in the home of evergreen boughs and logs was early believed to augur for eternal life.

**Christmas Tree:** Long ago they had "Christian Trees," hung with gifts and so-called because giving was a trait peculiarly Christian. But placing gifts on a tree probably originated with early forest dwellers who hung food out of reach of animals and hung gifts to appease their deities.

**Mistletoe:** In ancient times, the Druids placed this on their altars of worship, and after the birth of Christ thought the vine had healing power. However, to the early Christians it symbolized evil, which is why it has never been favored as a church decoration, even though used widely in the home. Blame the custom of kissing under this green on romantic pre-Christian Celts and Teutons of northern Europe.

**Santa Claus:** Not from the North Pole came this jovial gent, but surprisingly enough from the heart of Europe. Saint Nicholas was born in Turkey more than 1600 years ago, became a bishop, did many good works, and in time was made the patron saint of spinsters, sailors and pawnbrokers, as well as the patron saint of Russia.

Good St. Nick was honored yearly throughout Europe and particularly by the Dutch, who brought the custom with them to the New World, and also their contraction of "Santa Claus."

Many of our cherished customs, it can be seen, originated as heathen traditions. They were taken into general usage by early Christians, who celebrated the festival of Christmas from the time of the 4th century. They have, however, become hallowed with time and happy association.

## THINGS YOUR MOTHER SHOULD OF TOLD YOU

1. Stuff a miniature marshmallow in the bottom of a sugar cone to prevent ice cream drips.
2. Use a meat baster to "squeeze" your pancake batter onto the hot griddle and you'll get perfectly shaped pancakes every time....
3. To keep potatoes from budding, place an apple in the bag with the potatoes.
4. To prevent eggshells from cracking, add a pinch of salt to the water before hard-boiling.
5. Run your hands under cold water before pressing Rice Krispies treats in the pan and the marshmallow won't stick to your fingers.
6. To get the most juice out of fresh lemons, bring them to room temperature and roll them under your palm against the kitchen counter before squeezing.
7. To easily remove burnt on food from your skillet, simply add a drop or two of dish soap and enough water to cover bottom of pan, and bring to a boil on the stovetop.
8. Spray your Tupperware with nonstick cooking spray before pouring in tomato-based sauces and there won't be any stains.
9. When a cake recipe calls for flouring the baking pan, use a bit of the dry cake mix instead and there won't be any white mess on outside of the cake.
10. If you accidentally over-salt a dish while it's still cooking, drop in a peeled potato and it will absorb the excess salt for an instant "fix me up."
11. Wrap celery in aluminum foil when putting in the refrigerator and it will keep for weeks.
13. Place a slice of apple in hardened brown sugar to soften it.
14. When boiling corn on the cob, add a pinch of sugar to help bring out the corn's natural sweetness.
15. To determine whether an egg is fresh, immerse it in a pan of cool, salted water. If it sinks, it is fresh, but if it rises to the surface, throw it away.
16. Cure for headaches: Take a lime, cut it in half and rub it on your forehead. The throbbing will go away.
17. Don't throw out all that leftover wine: Freeze into ice cubes for future use in casseroles and sauces.
18. If you have a problem opening jars: Try using latex dishwashing gloves. They give a non-slip grip that makes opening jars easy.
19. Potatoes will take food stains off your fingers. Just slice and rub raw potato on the stains and rinse with water.
20. To get rid of itch from mosquito bites, try applying soap on the area and you will experience instant relief.
21. Ants, ants, ants everywhere ... Well, they are said to never cross a chalk line. So get your chalk out and draw a line on the floor or wherever ants tend to march. See for yourself.
22. Now look what you can do with Alka Seltzer. Clean a toilet. Drop in two Alka-Seltzer tablets, wait twenty minutes, brush and flush. The citric acid and effervescent action clean vitreous china. Clean a vase. To remove a stain from the bottom of a glass vase or cruet, fill with water and drop in two Alka-Seltzer tablets. Polish jewelry. Drop two Alka-Seltzer tablets into a glass of water and immerse the jewelry for two minutes. Clean a thermos bottle. Fill the bottle with water, drop in four Alka-Seltzer tablets, and let soak for an hour (or longer, if necessary). Unclog a drain. Clear the sink drain by dropping three Alka-Seltzer tablets down the drain followed by a cup of Heinz White Vinegar. Wait a few minutes, then run the hot water.
